Free Seminar

“ Industry Testing Issues & Testing Challenges Roundtable ”

Sponsored by Anaheim Analytical Laboratories

When: Friday March 9th from 10am-1pm. (snacks, coffee and drinks will be provided).

Where: 2951 Saturn Street Unit C Brea CA
Shuttle service from Anaheim Convention Center will be provided for free but you must call and make reservations by March 6th to assure space on the shuttle.

Who should attend: anyone involved in manufacturing, Laboratory testing, research, method development, quality assurance or purchasing of raw materials

Topics Covered will include:

Open Discussion on Laboratory Testing Issues – Trace nutritional ingredients testing (Vit B12, D3, D2, Biotin, Folic Acid, Choline), beaded form ingredients, adulteration of natural products

Identity Methods - New AOAC guidance document in process

AOAC-Updates on the new Official Methods process as well as new and upcoming SLVs.

NIST- New line of Botanical ID standards, Standard Reference Materials and how they can save you time and money by not having to perform validations on existing in house methods.

Industry and Government Efforts Surrounding Quality – Product certification programs, independent testing programs and other resources available for alerting consumers surrounding product quality and safety.

FDA's plans to audit Contract Labs – discussion on what are realistic expectations from 3rd party labs used by manufacturers.

***** Seating is limited and will be on a first come first served basis!
Call 714-524-9988 now to reserve your space.***
